Mission

The School of Business strives to create an environment that fosters the development of principled and innovative business leaders and entrepreneurs who can make a difference.

Vision

The School of Business sees itself becoming globally recognized as the leading business school connecting the region to the world.

Main Pillars

Entrepreneurship, Innovation and Leadership
El-Khazindar Business Research and Case Center
Established in 2007

A regional hub for business research and cases

**Vision:** To be “the leading case development center in the Middle East region, and the primary link between academic research and practical applications.”

- Casebook with IGI Global titled "Cases on Business and Management in the MENA Region: New Trends and Opportunities".
- Launched the “MENA journal of Business Case Studies”
- Business Simulations adopted in undergraduate courses, Executive Ed. And MBA.
- Developed material for new Undergraduate Course: “Business Cases & Consultancy Applications”
- Provide in-class workshops for both Case Writing and Case Solving techniques
Entrepreneurship & Innovation Program (EIP)
Established in 2010

A regional hub for Entrepreneurship

- To create a healthy entrepreneurial environment on the AUC campus serving the business community in Egypt and reaching out to the region
- To provide potential entrepreneurs with the tools they need to practice their entrepreneurial desires by connecting them to venture capitalists, angel investors and mentors
Impact to date;

- Achieved participation of over 5,000 potential entrepreneurs to over 70 Entrepreneurship events workshops and training programs to expose them to entrepreneurial skills and business concepts and conferences
- Organized leadership panels for more than 4,000 attendees
- Partnered with couple of Incubators
- Collaborated with 28 universities and institutions across Egypt as well as business schools around the world
- Gained Insight from Political Figures
- Involved 300+ private sector volunteers and 100 student organizers
- Engaged 100 young entrepreneurs in round table discussions
- Granted access to EIP’s Mentors 100 Network
- Voiced Faculty Advice on teaching Entrepreneurship
- Conducted workshops and training programs for 2000 students to expose them to entrepreneurial skills and business concepts
- Awarded prizes ranging from 120,000 LE to 270,000 LE
- Rewarded 40 winning teams
- Taught potential entrepreneurs how to plan for funding options
- Fast tracked potential entrepreneurs by admitting them into business development incubators
- Aided teams in promoting their ideas to the market
“Fekrety” is a national business idea competition organized by The American University in Cairo’s School of Business – Entrepreneurship & Innovation Program (EIP), in cooperation with Intel. The purpose of this competition is to contribute to the entrepreneurial ecosystem in Egypt by helping our next generation create and lead their own successful business ventures.

“Fekrety” has been touring all Egyptian universities, to reach out to as many youth as possible. This competition will act as an opportunity where any individual or team can post their innovative ideas and seek mentoring, training and/or prizes that would help them create and lead a real business.

- “Business Model Design and Startup Building” Workshop (for 307 teams)
- “Fundamental Entrepreneurial Concepts for Startup Ventures” Training (for 307 teams)
- Mentoring Day (43 teams)
- Business Pitching Orientation Session (43 teams)
- Demo Day (Sept. 13th, 2012): 10 Winners will be announced First prize 50,000 LE
Goldman Sachs 10,000 Women Entrepreneurship and Leadership (WEL) Program
Established in 2008

A regional hub for Women Empowerment.

- Part of the Goldman Sachs *10,000 Women* initiative, a global five-year investment providing 10,000 underserved women entrepreneurs around the world with a business and management education. In partnership with the Wharton School
- WEL Program, in partnership with the Wharton School, is committed to enhancing the growth and development of women entrepreneurs in the Arab region through a unique blend of classroom learning, mentoring and networking activities.
- To date, the program has graduated 235 entrepreneurs, and another 70 are enrolled in the new academic year 2012/2013.
- To enhance the business knowledge and leadership skills of Arab women entrepreneurs and to serve as a resource center for women’s leadership and entrepreneurial empowerment in the region.
Management Center  
Established in 1977

A regional hub for professional development

- The center is comprised of three institutes
  - Institute of Management Development (IMD), 1977
  - Institute of Banking and Finance (IBF), 1987
  - Institute of Quality Management (IQM), 1993

Vision
To be the partner of choice for professional development in Egypt and the region.

Mission
To develop leaders capable of creating a positive impact on business results of their organizations in a growing and changing global marketplace.

- Programs in Egypt, Saudi Arabia, Kuwait, Qatar, Jordan and UAE.
- Examples: Professional Diplomas in Health care and hospital management, Human Resource Management, Crisis Management, Marketing, Corporate Finance and Investment, Quality management in Health Care...
