

Congratulations, you have virtually joined us for our Eduniversal 2021 Convention! You must have discovered some of your avatar's features, but let us reveal the 20 must-have features for a successful immersive experience!

TOP 20

TOP 20 THINGS YOUR AVATAR CAN DO - WITH YOUR HELP :

1 - Dress trendy!

Customize your avatar and reveal your style to the world with the available options. You can change your outfit endlessly!

2 - Greet another avatar

Just like in real life, say hello to other participants by using the «Greet» feature of your avatar (F1)

3 - Travel miles without getting tired

The advantage of a virtual world is that our avatar can walk miles in our place. Walk for hours through the world by clicking on the ground where you want to go or by using the arrows on your keyboard.

4 - Shake hands

What better way to say thank you or meet other participants than by shaking hands? And there's no need to use alcohol-based gel here! (F3)

5 - Applaud

To congratulate or encourage, clap for your peers to show your support at conferences and meetings!

6 - Exchange with other avatars (or not!)

All avatars can speak thanks to the microphone function at the bottom of the screen, and can even talk about your latest innovations with the other avatars present. But they can also listen, when the microphone is muted.

7 - Expressing your joy

What a chance to be together around such a beautiful event, don't hesitate to express your joy of being together with this «Laugh» feature.

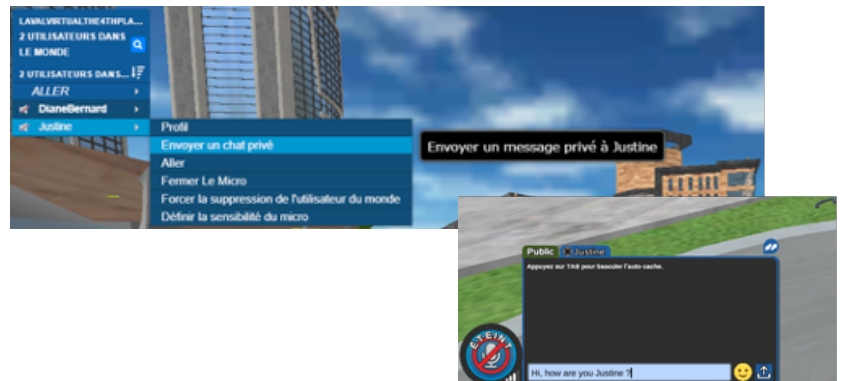

8 - Run

Avatars can be in a hurry too! A peer to peer, a conference, the function > + MAJ, will allow you to move quickly from one point to another, to not miss anything of the interventions to come!

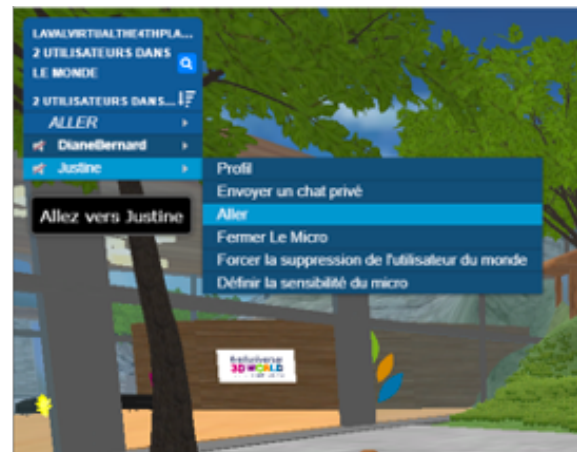

9 - Send a private chat

To meet or to exchange alone, avatars can send text messages! You can click on the name of the person you want to chat with remotely by «sending a private chat».

10 - Visit a friend

Meet up without making an appointment? It's possible at Convention 2021! Just click on the name of the speaker you want to meet and you'll find yourself face to face with them!

11 - Encourage your peers

Because benevolence is one of Eduniversal and the Convention's primary values, your avatar has understood this, so you can encourage your peers by congratulating them and expressing your support.

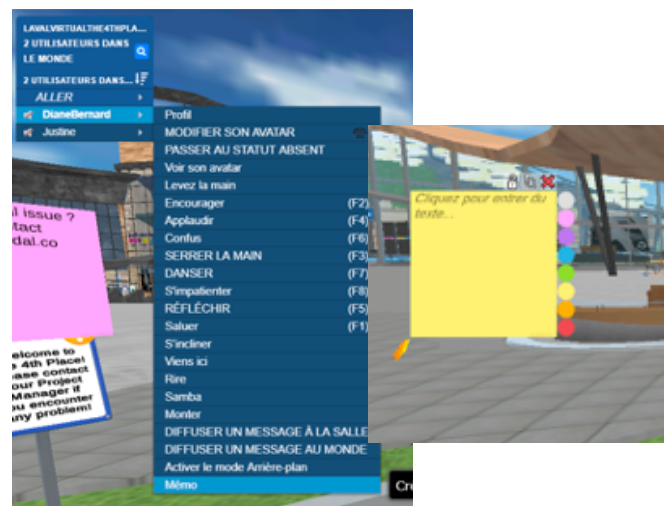

12 - Ask questions

The convention is a great time to share and learn from other educational techniques, so just like at the University, raise your hand to ask a question.

13 - Leave messages for all participants

Better than an advertising poster, the Convention allows you to broadcast messages to others by sticking post-it notes in the virtual world.

14 - Have a discreet conversation

Educational secrets or discreet reunions, discretion assured with our private discussion spaces: all the blue spaces on the floor will allow you to exchange in complete privacy!

15 - Participate in conferences

Sit down, take a seat, and discover the themes of education that will thrill you!

16 - Take selfies

What better way to immortalize our reunion and share them on your social networks? Click on «See your avatar» to take a picture of yourself from your screen.

Go 3,2,1... cheeese !

17 - Dance salsa or breakdance

You've always dreamed of learning an exotic dance without turning your back? With your avatar it's possible! Impress your colleagues with your salsa or breakdance skills!

18 - Teleporting

Even faster than moving, and at the speed of light, it's not back to the future, but your avatar can teleport, just click on the place of your choice to get there in a flash!

19 - Boating

And here, no need for a boat license, our shuttles are accessible to all for a tour of the island between two meetings! Click on the driver's seat and off you go!
