# RATINGS & RANKINGS

---

THE BEST BUSINESS SCHOOLS WORLDWIDE

---

# President's Message

Martial Guiette, CEO & Founder

Initially, I created Eduniversal **to help students develop their study strategy** based on their professional career strategy.

The idea was to be able to systematically answer the following question that everyone should be asking themselves: "What is the most suitable direct spaceship (university, school) or successive spaceships (including parallel admissions) to get me to such and such a planet (in a more or less specialised professional context)?"

The initial idea was to provide a personalized service. **But very quickly, with the advent of the Internet, the idea arose of giving this service a universal dimension. In 2002, we decided to go down the route of classifying programmes by level and speciality.**

**In 2022, 76% of admitted students had applied using Eduniversal rankings**

**Rankings certified by a tried and tested methodology, supervised by a recognised international scientific committee, very quickly appeared to be the best way to get involved. It is crystal clear, clear-cut and orderly. It's not there to please everyone, it's there to protect the most motivated and deserving learners.**

Eduniversal does not see itself as God. Rather, it defines a **sanctuary where families can feel safe and guided.**

Our ethos is simple : **Don't send other people's children where you wouldn't send your own !**

The student market validated this strategic choice from the very first year, and **the Eduniversal rankings instantly became the first choice criterion for ambitious students.**

The year the rankings were launched, it was identified that more than **half** of the students admitted to the ranked masters programmes **had applied** thanks to Eduniversal's specialised rankings. By 2022, the figure had risen to **76%\***.

Yours Sincerely,

Martial GUIETTE

\* Study carried out on a sample of 25,000 2022 graduates of ranked masters programmes, representing around 50% of graduates.

# Eduniversal Evaluation Agency

## We Evaluate... We Rank... We Connect

### Why?

For years, the lack of information in regard to **programs**, and **employability statistics** have caused students to make uninformed decisions about their higher education choices.

Our rankings are based on solid evidence, adhere to international standards, and are subject to thorough research. The programs are ranked by **field of study**, **geographical zones** and **market criteria**.

Through this advisory capacity, the agency strives to:

1

Provide students with the necessary background information and future projections to enable them to make informed decisions about their higher education and highlight the global opportunities available to them.

2

Provide global and in-depth expertise to all higher education stakeholders in the attempt to actively support international exchanges between schools, encourage mobility among professors and students, and assist HR professionals in identifying the best talent.

---

## How?

---

- By following a clear three steps process for all our rankings...

- Other than ranking, Eduniversal has taken on different roles throughout the years.

## Consulting

Building on years of experience in education, Eduniversal offers various consultancy services.. Initially dedicated to a tailored support of students, these services are now only reserved to business schools and universities.

Since 1999, Eduniversal has helped institutions:

- Develop growth strategies nationally and internationally
- Deliver the absolute best branding and marketing solutions
- Create programs and new degrees in line with industry trends
- Facilitate partnerships between institutions around the globe
- Optimize student recruitment processes

### Key facts:

More than **120 programs** created and developed, for Management, Engineering, Communications, and Finance majors... Both in post graduate & post graduate trainings, part time and executive education.

# Eduniversal World Convention and Awards Ceremonies

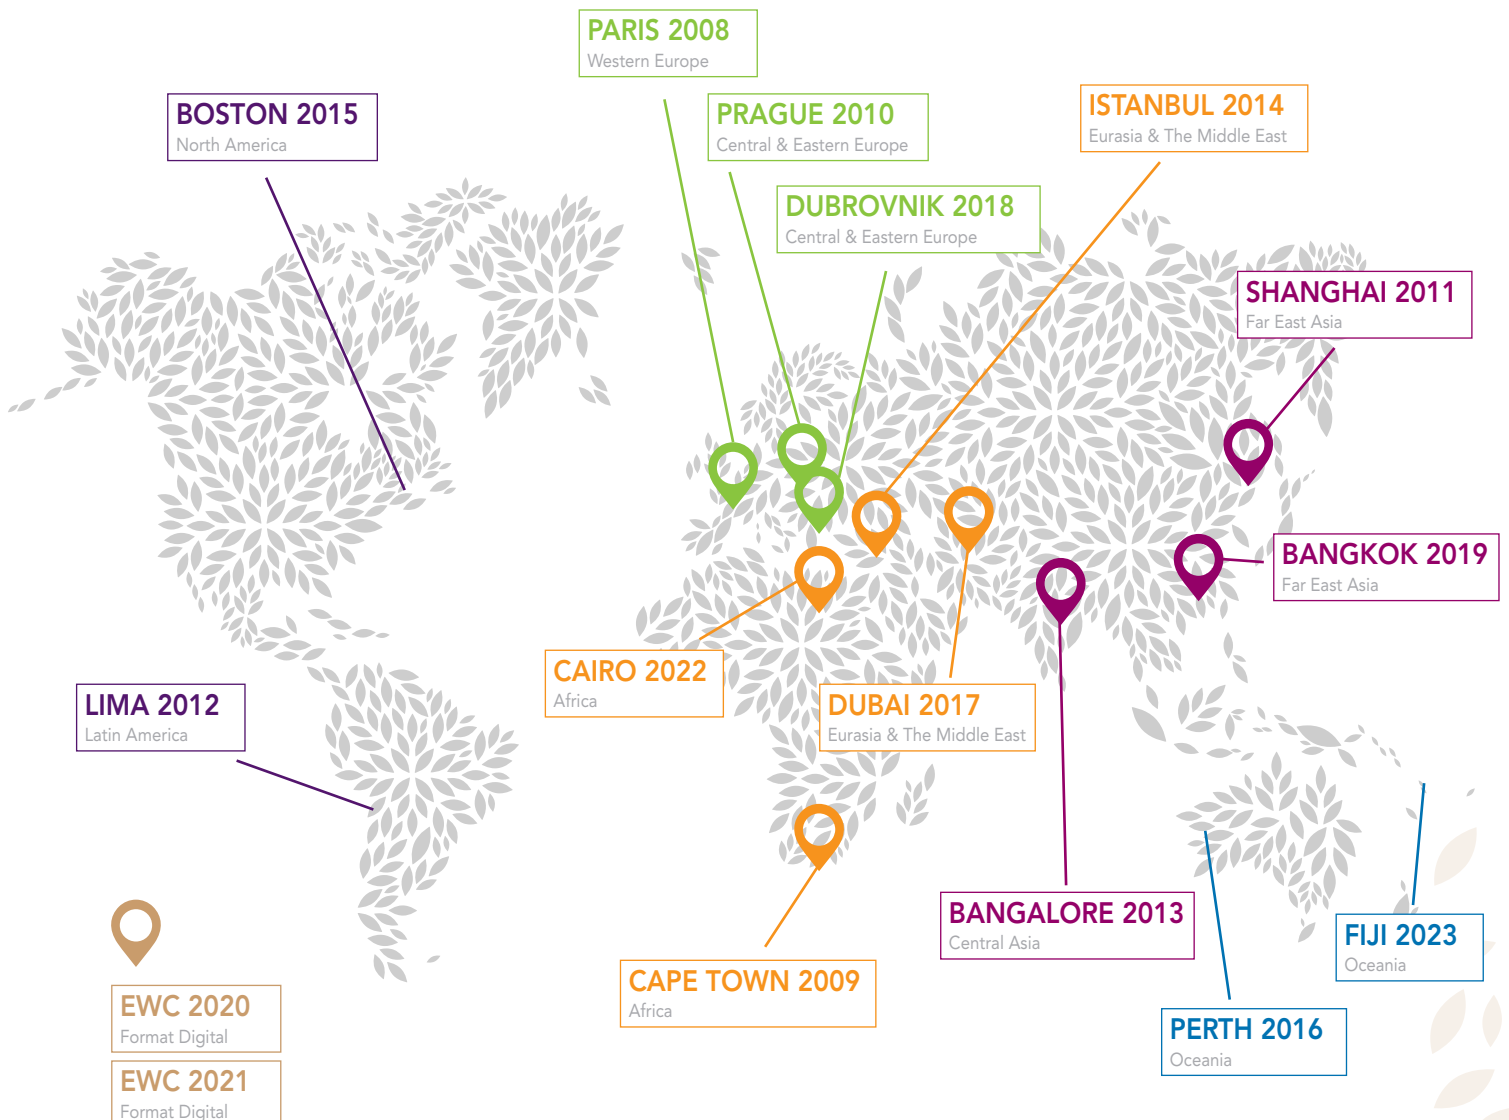

## The Eduniversal World Convention

The Convention is a signature event of Eduniversal Evaluation Agency.

Initiated in 2008 with a global scope to explore common challenges and opportunities within higher education, success is going to come from those who shift gears, not shot down. We continue bringing together the most outstanding institutions and professionals from all around the world without any restrictions and limits.

Eduniversal was the pioneer in launching an open, global, cross-immersive platform community of Deans, Directors, and global HE leaders from the best 1,000 Business Schools in 154 countries & territories, exploring and collaborating with and in virtual and augmented reality.

## Focus: The Eduniversal Palmes of Excellence Trophies

Inside the Eduniversal Ranking of the Best 1,000 Business Schools, schools are sorted by country into one of the five *Palmes of Excellence* leagues. These five levels are defined by a set of internationalization criteria developed by the International Scientific Committee:

- Major accreditations
- Major rankings
- Memberships in associations

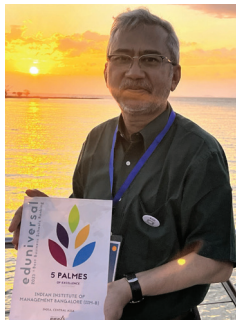

[www.eduniversal-ranking.com](http://www.eduniversal-ranking.com)

During the *Eduniversal Palmes of Excellence Trophies* ceremony, Eduniversal honors all ranked school. Each receives an official trophy that reflects the league under which they have been ranked.

Universidade Nova de Lisboa  
Nova School of Business and  
Economics (Portugal)

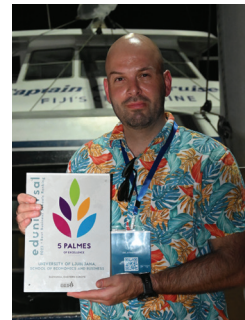

Indian Institute of  
Management Bangalore  
(IIM-B) (Central Asia)

George Washington  
University - GW School of  
Business (U.S.A.)

National Sun Yat-Sen University  
College of Management  
(Taiwan Region, China)

University of Ljubljana,  
School of Economics and  
Business (Slovenia)

### • Do you think your institution is ready for a Palmes of Excellence league's revision?

Institutions that have made significant progress in terms of program development, or research and innovation can submit a request to be re-evaluated to the International Scientific Committee.

The ISC's members will assess your application based on past and present performance and will communicate their decision at the next Eduniversal World Convention. This process is entirely free of charge.

# Best Business Schools Ranking

Since 2007, Eduniversal has been publishing an annual BS ranking endorsed by the ISC academic expertise. Every year, new institutions can enter the Official Selection; others can leave as well; and some can be upgraded or downgraded from their current level of *Palme of Excellence*.

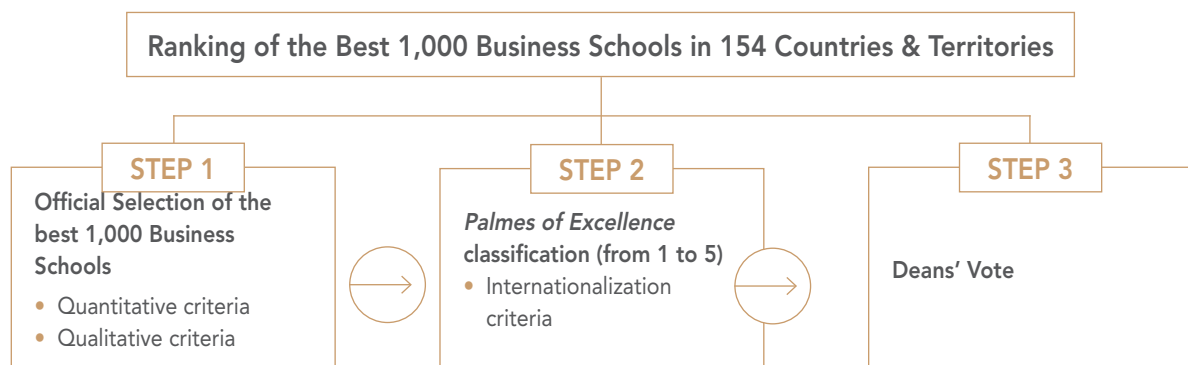

[www.eduniversal-ranking.com](http://www.eduniversal-ranking.com)

- **Next publication** – During Eduniversal World Convention

## • What Is the Purpose/Objective?

- This methodology establishes a **Global Mapping System** that acknowledges institutions' international reputation, influence, and program quality.
- This methodology guarantees a **Fair Global Mapping** by comparing institutions horizontally; therefore, sorting them by zone and by country, instead of the commonly used vertical comparison method.
- This methodology proposes an **Accurate Global Mapping** of the best BS around the world thanks to an annual review that is inclusive of the latest industry tendencies.

## • Which Methodology for this Best Business Schools Ranking?

## STEP 1 The Official Selection of the Best Business Schools in 154 Countries & Territories

The first step in Eduniversal ranking is to determine which 1,000 schools amongst thousands of other participating schools will be selected to be part of the annual ranking. The chosen 1,000 institutions are then **grouped by country**.

Data that has been collected on each institution allows the ISC to systematically compare Business Schools based on the criteria below:

- **Quantitative criteria:** national expenditure on education per habitant, GDP per inhabitant, population's size, number of students in Higher Education.
- **Qualitative criteria:** number of graduates, number of academic institutions, historical importance of education, and higher education at a national level.

## STEP 2 *Palmes of Excellence* League

In accordance with their global influence, reputation and program quality, the chosen schools are then categorized into Eduniversal *Palmes of Excellence* leagues. There are **five leagues of *Palmes of Excellence*** (see p. 13). The *Palme of Excellence* level is awarded to each school based upon a set of **internationalization criteria** developed by the International Scientific Committee:

- Accreditations
- Major Rankings of Business Schools
- Memberships in national and international academic and professional associations.

## STEP 3 Deans' Vote

Once the *Palmes of Excellence* classification has been established, institutions featured in the Official Selection are reviewed by their peers from the 1,000 Best Business Schools using a survey called Deans' Vote. The Deans' Vote Survey is the final metric used to determine an institution position inside its country and its *Palmes of Excellence* League.

The Deans' Vote is a peers' recommendation process, annually posted on [www.eduniversal-deans-vote.com](http://www.eduniversal-deans-vote.com)

- Focus: The Annual Eduniversal Deans' Vote Survey

[www.eduniversal-deans-vote.com](http://www.eduniversal-deans-vote.com)

Deans' Vote is a unique addition to the ranking process. This survey's main purpose is to add a peers' assessment component to the ranking, capitalizing on the expertise of Deans and Directors of the best 1,000 Business Schools ranked by Eduniversal.

Every year, the Deans/Directors are invited to confidentially submit their recommendations on behalf of their institution on the dedicated online platform: [www.eduniversal-deans-vote.com](http://www.eduniversal-deans-vote.com).

We asked them:

**What Business School abroad would you recommend to a student, staff or partner?**

## Voting Process

**At the platform opening, voting Deans and Directors receive their personal login details by email to access the year voting session**

- The Dean/Director is the only person allowed to participate in the survey. An exception can be made if they make an official request to transfer their voting right to a member of their team.
- In this case, the Dean/Director should put in a request by email to the Eduniversal International Ranking Office, copying the person who will oversee the Deans' Vote survey.

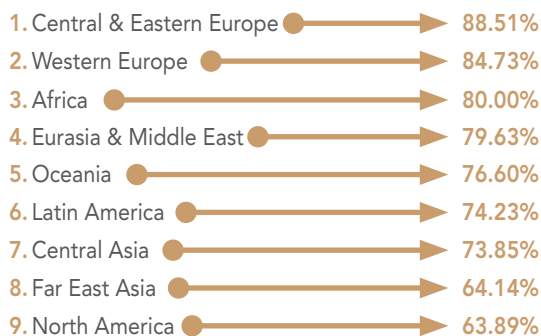

**One Institution = One Vote**

**During the voting session**

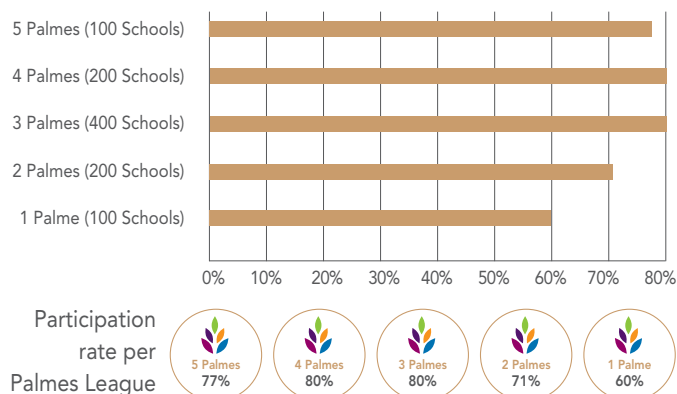

- Countries are organized in alphabetical order, and your country is listed at the end, after Zimbabwe.
- All countries must be reviewed for the voting session to be validated.
- In each country, you can select up to 50% of the ranked institutions proposed.
- And if you do not have recommendation for a country, you simply must tick the option "No, I don't have recommendation for this country" and you will be automatically directed to the next country on the list.
- Please note that you cannot vote for your own institution, that is why your school will not appear in your country's proposed list.

## Key Facts About the 2024 Deans' Vote Survey

### Geographical zones participation's rate

**74%** of the Deans from the 1,000 best Business Schools worldwide have participated in the Deans' Vote

## Start your voting session 2025

**1** Login to your account

**2** Make your recommendations for the Business Schools across 154 countries & territories

**3** Submit your 2024 voting session

- You can save and continue your voting session at any time.
- Once you submit your final recommendations, your voting session is registered and cannot be modified.
- You cannot recommend more than 50% of Business Schools per country.
- The countries are presented in an alphabetical order from Albania to Zimbabwe.
- Your country will be the last one in the list in the voting process (after Zimbabwe).
- If you don't have any recommendations for the institutions in the particular country, please select: "No, I don't recommend any institution in this country".
- You are not allowed to vote for your own institution.
