INDIAN EDUCATION: FUTURE, SCOPES & CHALLENGES

Rakesh Godhwani
Head, Alumni & Development
Adjunct Professor
IIM Bangalore

India – a great opportunity

- More than half the population is below 25 years
- Education is a top priority for most households
- A great opportunity for everyone

Current trends and practices

- New developments in system(RUSA, RTE)
- Foreign education bill
- Entrepreneurial ventures
- Maturity of consumer needs
- Much better technology and infrastructure

Challenges

- Quality of education, teachers, content
- Price sensitivity v/s low cost
- Beaucrocracy
- Patience 😊

Thank You!
